

Importing Classes from Google Classroom

Step 1.

Open your web browser and enter the website www.deledao.com.

Step 2.

Click Sign In, then select Teacher Sign In.

Step 3.

On the next screen, select "Sign in with Google".

Step 4.

Enter your school email address and on the next screen, your email password. You may be prompted for the two-factor authentication.

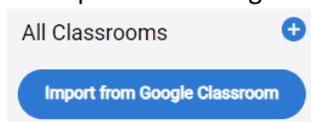

Step 5.

Once successfully logged in, select "Manage Classroom".

Step 6.

From the menu that opens to the right, select "Import from Google Classroom".

Step 7.

Before importing your classrooms, click on "Enable automatic detection of off-task students" and if desired, "Send distraction notifications to students".

Global Settings

- Enable automatic detection of off-task students Beta
- Send distraction notifications to students

Step 8.

Click "Import".

Import from Google Classroom

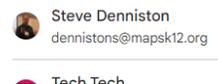

ⓘ Warning: Importing a new student list will overwrite your current student list.

Step 9.

Select your Google account from the list provided.

Choose an account

Step 10.

Click Allow. Your Google classrooms will appear on the screen. When evident, click Done.
